“ Melitta, or Millie as we knew her, was a sweet hearted, caring lady who was always wanting to help others. She would have given you the "shirt off her back" if you needed it, She loved to sew and was a fantastic seamstress. Her sewing machine was always set up and busy. She also did a lot of hand-sewing, and up until she landed in the hospital, she was mending clothing and shortening pants and skirts. One day i told her my son had a suit coat that the sleeves were too long. She said "Oh, I can fix that", and she did! You would never have known she had the jacket partially pulled apart and put it back together. She loved to go to church, she loved people. She didn't like it when she was sick or something happened that she would miss Sunday morning services. I used to like to sit and listen to her stories of her young days in Germany, and oh, the stories did she have! She didn't have the easiest life growing up in Germany but she learned to make the best of bad situations and she learned to enjoy life. She was a great example of a strong woman, She will be greatly missed. Our thoughts and prayers are with her family at this time of loss.
