“Wow! Never imagined I would be doing this. Andrea...we were never close and I wasn't part of the group....but during my rough times and good times, you always messaged me the encouragements I needed and in the good times, the words that made those times even better! You checked on me, I checked on you! I tried to send you cards that I make, and I didn't have the correct name. You have always been my cheerleader! YOU were the one that ALWAYS encouraged me! I will never forget that, your smile, your enthusiasm for life. Without knowing, you are the one that kept me going so many times! I will miss you my friend! I will miss your words of encouragement, your enthusiasm for the fun things. The love for your family and dedication for them. You set examples for many! I regret never saying these words out loud to you! It is my hope that your legacy keeps moving forward and others do for people as you have done in so many ways for me. No judgement, always love and blessings! I will miss you my friend. Until we meet again...I hope you get to meet my parents and brother! I hope that you will be there when it's my turn. I love you!
