“ *I remember Andy since he was on the Greenpoint bus and went to Lickdale school with my daughter Mary. He was a beautiful boy and always brought joy and laughter! Always happy and friendly. My younger boys , Sam and Johnny Wolfe, new Andy also threw the twins.*

I worked at a local store and whenever Andy stopped by (a seen last him possibly 3-4 years ago) he always without fail, would be respectful and ask how I was doing and how my kids were. He always had such a wonderful personality that made him bring joy to your heart. It saddens me that his life on earth was so short.

My condolences to all his family.

“ I remember you as a small child and into your early teen years, always a caring and thoughtful human . It saddens me write this , may your journey home bring peace with the loss of your spirit here on earth . But there will be visits in a song , a thought or feeling of your presence when you choose to visit . You will be missed

“ It breaks my heart to be writing this because he was taken from us way too young. Andy was by cousin & one of my great friends growing up. He would visit our grandparents throughout the year and I always looked forward to catching up with him. He was a workhorse with endless energy. I have so many great memories of us, but one that will always be engraved in my head will be our trip to Fenway Park for a Red Sox game. He was a good man & he will be missed. Sorry you had to leave us...

“ He was a nice guy who would help anyone. He would bring you gas if you ran out alongside the road. Fix your tire after it fell off. I am thankful he was my friend
He surely will be missed. My condolences to the family and friends.
