“ My sincere sympathy to Donna, Lori, Liesl and grandchildren who were the light of Ann's life. She often spoke so lovingly about each of you.

One of my fondest memories of Ann is playing golf with her on 2 Hershey 9 hole courses. Our first time out without our husbands, we teed off then stood in the middle of the fairway and asked each other "What club should I use now?" We laughed, continued on, experimenting as we went and gradually learned to play. We played for many years every Wednesday morning followed by lunch. She was my dear friend and I will miss her greatly.
