“ I don't think I ever said “thank you” to my brother. 24 yrs ago and some months lol 🙈♀️; I was working a second job at my uncles mini market and gas station for extra money. My brother came in to hangout with me and this guy kept talking to me before my brother hung out and was there every time I worked. My brother told me that this guy liked me and I wasn't giving him the time of day. My brother kept at me 😂 oh he was a pain in the butt with this. Welp a few weeks went by and my brother kept at me about going out with this man. So I finally said okay as long as you are there with so we can play pool. Time came and this guy and I got to Connors bar and no Barry. 😞 I was like okay he's always late so just chill. Welp time went on and I ain't talking to this guy at all. The guy asked me to play pool with him and that's how he got me talking to him. I am glad this guy wasn't a bad dude!!!! Cause I was mad at my Bro for standing me up!!!! As it turns out, this guy and I was never apart since this night and we married. We are together 24 yrs and almost 5 months now. Thank you Bro for posting me so much. You were right. So if I never thanked you, it's for all to see how you helped me. But again THANK YOU! If it wasn't for you pestering me I don't know where I would be now! 😊
