“ I will always remember your mother for her love of animals and of course, family. But she certainly loved her pets especially Gretchen. My thoughts and prayers are with you and your family.

“ My heart grieves with you and for you. A parent/grandparent is so hard to loose under any circumstance, and this was especially hard for all of you. May you know God's love, grace and peace during this difficult time. If there is anything that Gary & I can do, please let us know. Much love to all of you.

“ *Although I had never met Cheryl, I knew of her relationship to Rachel, Stormy, and Darrin through Darrin's loving description of her and the commitment to her family and animals. Cheryl was always described as being surrounded by loving family members and friends, and all of those people whose lives were touched by Cheryl will miss her very much . . . Cheryl will now live within all of our hearts.*
