“ I went to school with Curt. I was 2 years down from him but I knew Curt. He was always funny and making people smile. I met him again at a CCHS Open House Night where we walked together through the school and remembered where this was and that was before they remodeled and talked about missing school days. We saw each other several times again through the years as we always seemed to Celebrate Easter and Thanksgiving at the same times at the Buffet on Lehman St, him always smiling and sitting with his Mom and Dad. We talked on Facebook and hung out a little, he was happy about his home he got in Cleona and showed me around. Loved showing me his Snuggle Bear he had. We went out already and I'd visit sometimes. We talked a lot about his job and things going on. He was always with that little laugh, and his smiles, I'll miss them. I know life wasn't the best for him but he was always just trying to help people and make them happy, he was definitely unselfish. I'm really going to miss my friend Curt and I hope in Heaven now that he can have everything he ever wanted. Especially LOVE. Curt deserves that the most. Rest In Peace my friend, I'm definitely missing you.

“ I remember Curt well. He was part of the Neighborhood gang. They just played games & rode bikes all over. Then he was always on the bus I chaperoned for football games & competitions. His drum sticks were always going.
