“ I am so sorry to learn of Curt's passing. During his time at Luthercare in Lititz we served on many of the same municipal and community project teams. His contributions to the Lititz-Warwick Plan and Venture Lititz were well received and greatly appreciated. So was his sense of humor!
May the coming weeks and months bring you solace.
In Sympathy,
Karen Weibel

“ *A few years ago I bumped into Curt at a Leading Age event. We had known each other for many years and it was good to see him and catch up. In the course of the conversation he invited me to visit at the senior living community where he was a senior vice president to discuss our two organizations working together. This eventually happened but only after Curt was satisfied that not only could our organization be of help, but that it would have a positive impact on his staff. The welfare of the employees was his number one criteria. And that to me showed the heart Curt had for people.*

“ I worked with Curt at Willow Valley for many years and ironically realized during that time that we had graduated in the same High School class....SHS class of 76!!! He was a gentleman, a good listener, a good leader and someone whom I respected! He was well respected and liked at Willow Valley. I send my sympathies to his family. May he rest in peace.
