“ *There are so many good things I could say about my sister. Anyone that knew her knew that her heart was absolutely made of gold. She was a good person and a kind person to all that came her way. The happiest time of her life was when the kids came along. She was so happy and so proud of them. I'm sure that anyone that knew her would only have kind words to say now. What Good memories she has left behind for all of us.*

“ *Darlene or "Smoke" as we all called her, was my "adopted" brother's (as my Momma called him) Momma. She was a sweet lady. She would call up my Momma and talk for what felt like hours because they got along so well. My Momma would call her up just to ask how she was doing and how Casey was doing from time to time but they always ended up talking about something different each and every time. I'm sure her and My Momma are up in Heaven having their talks right now. She will be greatly missed.*
