“ Uncle David was very special to me and my family. He was there for every significant event in my life so far and every family get-together for as long as I can remember. He was the kindest, gentlest man. I learned how to pack and load cars and trucks from him as he helped move my family and me about 9 times! As the only girl of the grandchildren, he made a special point to talk to me and to do things that included me in games and activities. He always had a special word, a laugh and just an easy manner - significant helper to my grandmother and always someone who could help out in a pinch. He was overjoyed to marry Faith and I have never seen him more happy than during his marriage with Faith. We will miss his presence and his caring nature.

“ Dave, you will always be the love of my life. I know you had to leave but are in a better place and you are with your mom and dad. I will miss you but I will see you again.
With all my love, Faith
