“ I remember as a very little girl, my aunt laurie and my aunt sug. Thinking when I grow up id like to be like them. They both were the meaning of a true 'lady' .always soft spoken, always elegant and well put together. My mom was there oldest sister and they were last two youngest. We got to see them once a year at a family reunion, and as I grew up my opinion never changed. We lived far enough that my parents, who were farmers and travel back then was different. She's with all here family now .❤️ taralee
