“ My Aunt Helen was a wonderful lady and will be deeply missed. One of the things my family will remember about her is that she never forgot to send a birthday card and I don't know if she realized just how that card simply made you feel "special". She is in the Light now with our Lord Jesus Christ, Rest in Peace my dear aunt.

“ Helen was my cousin. She was a very kind and loving person. Although I didn't see her very often, I always enjoyed her company at family gatherings. I remember how she loved to dance and would always take her shoes off. I will miss her.

“ Helen was my sister. She took care of me when I was young. She was a big time animal lover. She even would try to take a bug our side alive. I wil always love her! May she rest in peace!
