“ To the family of Helen. I know that I am a couple of years late, but I am deeply sorry to hear of the passing of Helen as I just found out yesterday. I knew Helen from the many years of working for Faulkner. She had such a beautiful soul and I will always remember her for her amazing smile and beautiful red hair.

Over the years of working for Faulkner, we would always greet each other in passing and whenever we would both have some down time, we would chat about life. December 31, 2019, was a special day for me because that was my last day of working for the company as I was leaving to start a new chapter in my life and to follow my dreams.

I will also remember that day because towards the end of my shift, I made my rounds to say my goodbyes to everyone. I stopped down in the bodyshop, which was where Helen worked in the office. I told Helen that it was my last day because I was making a career move and pursuing my dream job that I am still doing to this day. Helen just broke down and cried and gave me the biggest hug. She told me that she was proud of me for doing what I was doing because she knew that I struggled for a while with the passing of my mother. She also knew that I only stayed with the company for as long as I did, so that I could be closer to my mother. I pray that Helen is healed and is no longer suffering. She will always hold a special place in my heart.

“ To know Helen is to love Helen. You were guaranteed there would be laughter when you were in her presence. Helen was feisty, kind, loving, joyous and a real hoot. I can still hear her calling Steve "Honey bunny". Helen, you will be missed but never forgotten. To Steve and family, my heartfelt condolences to you. May all your happy memories bring you comfort. Godspeed to my dear friend, Helen. Fly high. I will watch for you in the "red" cardinal. Thank you for bringing your funny nature into my life. It was an honor to know you.

“Helen and I met at Key Dies in Palmyra in the early 90's. We both worked in the office. She had an amazing personality and was always boisterous and fun to be around. Everyone loved her. In 2000 she came to be a caregiver for my daughter Brianna. She and her boys became family to us and we spent lots of time together at the farm house. Life kind of took us in different directions. She met Stephen and we moved back to my hometown and sadly we lost touch. Her boys were her world. She and I spent many nights sitting on the porch and around our camp fire just talking about our children and of all our hopes and dreams for them. My kids called her aunt Helen. She was always a hard worker and worked more than one job for a lot of years to support her family. I will always remember her as this vibrant, beautiful lady with her copper penny red hair and her bright smile and that little glimmer of mischief in her big blue eyes. Heaven gained an angel for sure. She deserved way more than 61 years. Our condolences to Dustin and Corey and their families and to all of her remaining family members. (I remember her telling me she was the baby of 21 children but I never got to meet any of them.) She was greatly loved and will be missed by all who loved her. Rest In Peace beautiful girl. Love you! <3
