“ *I worked with John at the Lancaster Country Meadows and at Home Office and am so saddened to hear of his passing. I have the funniest memories of working with him. He was the inspiration behind our safety newsletter title (The Safety Squirrels) and always had a witty line at the ready. I also remember one time he helped me untangle 50 balloons that I had stuffed into my car for a co-worker event, and one time he killed a spider in my office that was full of baby spiders and it turned into a horror movie. I loved working with him! Sending warmth and healing your way and thinking of you all.*

“ John was a terrific leader of the maintenance program at Country Meadows Retirement Communities. He was always quick to pitch-in and help whenever a campus had a challenging problem. More importantly, John was a truly kind person who always had a smile and a witty comment for our elderly residents. He is missed by all who worked with him and got to know him.

“ *The past few days of overwhelming love & support from countless friends & family members has proven to me just how much my dad positively impacted everyone around him.*

My dad enjoyed simple things: spending time with family, a nice bike ride, a riveting Western, & a Birds win. He provided me a fun-filled childhood full of Sunday evenings at Hershey Park & coached me in sports. He built sets for my school plays & helped anyone with home projects that needed it.

I will miss him every single day. I love him so much & will carry him with me always.

Thank you for being the best father, mentor, coach, adventure buddy, & friend a daughter could ask for.

“ *John was nothing less than a brother to me. I loved this man more than he probably knew. Too many memories over 40 years to share. But they were all wonderful and heartfelt. He was a special person. I miss him!*
