“ Brad and Dana, We're very sorry to hear of your loss. Sorry we can't be there in person, but please accept our deepest condolences. I always enjoyed listening to your mother and her view on the world when I was a kid and I can still clearly picture and hear her on those long summer days along the Rideau. For some reason there are a few things she said that have stuck in my mind to this day, and for that I am thankful to have known her. Please keep in touch. Mike, Sheri, Jacob and Travis.
