“ A long time ago, Julie was my Aunt. I have many good memories of time spent with Julie. One of my favorite is when Julie would pick up me and my sisters and some of our cousins (I believe she drove a convertible). She would take us to one of the movie theaters in Lebanon where they were showing the latest Walt Disney feature. She didn't do this just once, but many times. When I was a single mom with 2 sons, Julie would often give me gently used clothing and toys that had been Paul's. She always had a big heart and loved her son, and later her grandchildren, more than anything. RIP Julie

“ Julie was such an amazing person I knew her most of my life. She was friends with my mother and we had a lot of laughs together. She will be missed but she will be remembered with lots of love. What a beautiful person she was so glad that I knew her. I'm sorry for everyone's loss.

“ I lived on Quittapahilla Dr., the small street behind her home and shop (High Street in Annville). Spring of '73 she asked me if I'd be interested in mowing her lawn. I agreed leading to weeding, hedge trimming and even shoveling snow. Through word of mouth she got me more lawn jobs and she and I joked that she made me the most independently wealthy teen in all of Annville. Julie was a light in my life back then and through Facebook that light became bright again. Paul, Michelle, Ava and Zach you all have a beam of her light. Please continue to let her shine.

“ Typing this through tears is so difficult. I have known Julie almost since she was born and growing up in the Lutheran church in Annville. After she opened her beauty shop, I became a customer, and we had many long chats about family and animals. I have always admired her fortitude through her illness and her family losses (parents & brother). Paul, you Ava, Zachary & Michelle were the loves of her life; be comforted knowing Julie is now at peace and we will forever hold her in our hearts. I send you my deepest sympathy long with that of the Annville-Cleona Alumni Association.

I'm so sorry to read this. Julie was a classmate and a bright light to all. I have to believe she's now dancing with the angels.

“ *RIP Julie & prayers for your family. I have known Julie ever since grade school, she was always a loving & wonderful woman. I remember taking my mother to her beauty shop for years to have her hair done. When mom was living at various nursing homes Julie would come there to do her hair. Love & Peace!*

“ *Julie and I have known each other for a long time. We grew up in the same church. We sang in the junior choir, went to confirmation class, and sang in the senior choir. Her mother was the choir director. After graduation we went our separate ways for a while. Then she opened her hair salon and I went there to get my hair cut. Will miss you good friend.*
