“ Our family has so very many memories with Keith. My husband went to school with him and the remained close friends after school. He spent a lot of summer days at our house with his son Kolton. Kolton and my niece love playing together so Keith would always bring him over. My kids thought of Keith as an uncle and a 2nd father figure. My husband looked to Keith as a brother. Our family has a huge void that has been left in our family now that he's gone. My heart goes out to his family and all the others who ever knew him. He was the type of person that when u met him you instantly loved him. Our condolences are with the family as they lost an amazing man in their lives. We've had so many laughs with him. He was an amazing person to all especially his son Kolton. Keith's love for his son was like none other. They were 2 peas in a pod. He was an amazing friend too. You could call him anytime if you needed help and if he couldn't help right away he would figure out a time to help. We had good times at our house and at the races. We could go on and on about how wonderful of a person he was and how much he will be missed. Our world's were turned upside down with his passing as I'm sure everyone's was. To his family, we r so very sorry for the loss of Keith. If you need anything let us know. We all loved him very much he wasn't just a friend he was family.
