“ How could you not love Kieth, aka Hotdog, I invited him to my fiftieth birthday bonfire and he got there a little early, after a bit he asked if he could help me with anything so I said yes you can light the fire. I gave him some old mix of gas and kerosene and said be careful and went in the house to get some food ready for the night, suddenly I heard the obvious lighting of the fire and looked out my kitchen window and yelled HOTDOG and he turned with that infectious smile and said “happy birthday Johnny G” 🍺 Godspeed Hotdog save me a seat my friend ❤️💙👍💙

“ My thoughts and prayers to Keith's family. I graduated with Keith and we were involved in an accident on our way to school in his beautiful firebird. We sure were the talk of the week at NLHS. Many years passed without seeing each other until a few months ago, when we connected again for many stories and laughs and a handshake and hug.

Another good one gone, that will be missed.
