“ Fly high beautiful girl! There are not many fun memories from middle/high school that i can think of that do not include you. Your smile and laugh was contagious for sure! And i will never forget cruising around in that little car of yours endlessly laughing and listening to music. We played Nirvana and Bush on repeat. I hope Bob was waiting for you in his little Chevette with his music blasting and that big smile smile of his. I pray that you have found your peace and you continue to watch over all those who love and miss you dearly! Rest easy beautiful

“ Kelly . Words cannot express how much I loved you or how much my heart aches now that you are gone. No one will ever understand how in my heart you were always my daughter. I will always remember the times we had together. The laughter, the tears. I have lost another child. My beautiful daughter, I love her eternally.
