“ There isn't much I could add to what George Trapp had to say about Ken except the thing we will all miss is his "laid back" wisdom and willingness to share his knowledge. Ken was a man of many talents and those of us that had an opportunity to get a tour of those special places on his farm considered it an honor.

To recognize what Ken was all you had to do was meet Betts and their extended family, they don't come any better, and I cherish my friendship with them.

I'm a better person for knowing and having Ken as a friend.

“ *Betts and Blauch Family ---- Ken will always remain one of the fine gentleman I got to call a friend in my lifetime. I remember fondly the times he, Tom, Jim and I sat around your home discussing and viewing our shared interest. These 3 guys were/are my mentors and I value the time I spent with them.---- Then there were the pizza parties around your table with some great homemade pie for desert. !!!! ---- One thing that is sure, this great family will rally around Betts, and you will all move forward as a great testimony to the goodness of God and the most important part of Ken's legacy. ---- Be reminded as you deal with his loss, that Ken's first moment with the Lord was the greatest moment of his life and every moment thru eternity will be its equal. ---- Praying for the family. ---- Sincerely in Christ , George Trapp*
