“ Ken was so well liked as an employee and as a driver for Advanced Dental Lab. The receptionists at all the different dentist offices he delivered to often asked about him and are saddened by his passing. We always regarded him as our #1 driver since the year 2000 when he started working with us. We enjoyed his laughter, smile and many hunting stories he shared with us over the years. Our deepest condolences to his family, friends and loved ones . He was a great man and will be greatly missed.

“ I just can't come up with just 1 single memory. I would have to say thanks for the memories. You really do mean so much to us. You were a grandpa to Jeremy and Steffanie. We still talk about the Dollar Tree events for Steffie . And to Jeremy , " don't tell your mom that you cut yourself with that knife." Always an adventure in the mountains with Uncle Ken. You and Tony took Jeremy for his first deer. I will see you again. Love always. Sheri
