“ Barb...it is with deep sadness that I heard of Lance's passing, please accept my heartfelt condolences. And in thinking back, while our paths diverged significantly after our high school graduation in 1970, I can't help but recall many fond memories of our childhood growing up in the 60's. Shoveling the snow from the wooden platform in my backyard to shoot hoops in the middle of winter, Playing golf with a lefthander who's only club was a two-way putter that he used to HIT EVERY SHOT. Remembering his aspirations to make it big in the music industry starting with the second floor garage band with the Betz brothers. Playing many, many whiffle ball games at Boger's lot. And his spit curl hair do to try the win the heart of a very special girl from Cleona, He sure was Mr, Excitement who was most of the time one step ahead of Dot and Stan!! Rest in Peace my childhood friend, John Fisher
