“ I work for Interstate Batteries, just down the road from the Warners' home. Larry was a welcome friend and patron for many years. He was a great storyteller and listener, with a mind like a trap! One Tuesday afternoon my Aunt and I visited an aquatic fitness class and there was Mr. Warner! We had a good laugh because though we were "neighbors" it was an unusual place to run into each other. I loved that man's joy and my prayers go out to his lovely wife and family at this time. God's peace. Khavala Reinhold

“ Larry was a classmate from Hershey High School and enjoyed attending class reunions and other get-togethers. He was never at a loss for conversation and always seemed comfortable "making the rounds" with former classmates. He will be missed!!

“ My dear friend, Marcie ... so many memories, so much applause for those who never stepped on stage. I think the most enduring memory of Larry is in his own "words" ... he enjoyed spending his time helping others. A true legacy for a wonderful guy. My deepest sympathies . . .

“ Larry was my small engine repair teacher in junior high school and my wood shop teacher in high school. He became my friend after I graduated. He had the patience unlike any teacher I've ever met. He always had a smile on his face and something nice to say whenever I would run into him out and about. I will miss him.

“ Dearest Marcie, I'm so glad you and Larry came out to Colorado years ago to visit. I know I tired you both out trying to show you so much, but we had fun. I will always cherish that memory. You and Mary were blessed to have had Larry in your lives, he was a good man and you shared many years together doing what you loved. There is no better testament to a good life than a happy marriage and family. All my best to you and Mary, and may God give you peace in this time of sorrow.

Larry was a kind and giving friend that was always offering his help with any project you might be having trouble with. I learned so much when working with Larry and if I got too excited about something he would say "now settle".

Marcie, Mary and family my thoughts are with you. We will all miss this very good man.

I have so many memories with Larry over the years. It started with, he was my Uncle Micks best friend, so he was involved with every aspect of my families lives. Then he escalated to my shop teacher and substitute teacher and still remaining a family friend. He was one of the smartest men I know. We always had some unique and knowledgeable conversations. He has taught me so much over the years. You will be missed Larry. Now you can hang out with Uncle Mick and the bonus, he can now here you!!
