“ I'm very sorry for your loss. Laurrae and I were classmates, CCHS '72. It was good to see her at the recent class reunion as I had not seen her since graduation. Her death seems very sudden and surprising. I wish you all well.

“ I was very much saddened to learn of Laurrae's passing. I did not have the opportunity to know her well. I usually worked 2nd shift and in a different department. But one day I was assigned to the line she was working. She was very nice to me, friendly and helpful (considering I didn't know what I was doing). I pray that our Lord will give you the strength to get through this difficult time and give you peace and understanding.

“ Laurrae and I have been friends since we started working at Reeses' in 1972. We had many good times together. One year we were laid off and took jobs at Penn National walking horses. It didn't work out so well for me...I got hayfever and had to quit. Even years later, EVERY time we talked about it we cracked up laughing. Sometimes we hardly saw each other for months on end but we always remained friends. Laurrae was a dear person who was very thoughtful and would do anything she could for anyone. I wish I could have done something to help her. I'll miss her smile, laughter and friendship. Through all the good times and not so good times, please know how much it meant to have known her. God Bless,
