“ I met Butch and Nancy over a decade ago in rehab. Butch taught me so many things especially how my actions and words can impact my patients that I carry with me today in my nursing career. We became friends over the years and I will miss him dearly. He was a big teddy bear and loved Nancy to the moon and back never wanting to be a burden which he never was! He was an active member of our SCI support group and brought smiles and genuine support to all. I will forever be his Nancy Loopy! Watch over us Butch I know will! Hugs to you Nancy!
