“ We were only kids 9 and 10 yrs. old, when our friendship in Rutherford started. Your home quickly became my safe place, where hot meals, kind words, and love could be found. 5 months older than me, you became my big sister. We did everything together. We rode our bikes all the time. Went to the pool in the summer. Sled down 62nd street in the winter. Took lunch to your dad at the rail yards, where he left us get on the trains. You included me in your life, when I needed it the most. Sunday and Bible school, picnics at the firehall, visits with your relatives, and long sunday rides just to get ice cream.

When you turned 16, got your license and your car, we started going to dances. One saturday, went to Palmyra to meet up with Terry. He brought a friend, his name was Glenn, "Turk" as he was known. Long story short. Went to Junior Prom with him and later married him. So yes. If there was not a Mary and Terry Story there never would not have been a Linda and Glenn Story. I was blessed to have known you Mary, because without you and Terry, my life, with Glenn, would not have been. Rest in peace my friend, till we meet again. Love always, Linda D.

“ *It's difficult to put a lifetime of memories in a paragraph. Mary and I are cousins. Her Mom, Eva and my Mom, Esther were sisters. First may I say we were blessed with the most wonderful Mom's. So from my wonderful Aunt Eva came my exceptional, fantastic, wonderful cousin Mary. There were a few years between us but as young adults and as time passed "mature" adults we became fast friends. I have more memories than time allows. Let me share one fun memory. I had a campsite in Falling Waters W.Va. every July 4th weekend Mary and Terry would spend the weekend with me. We would sit in lawn chairs in my yard and watch the fireworks. I can still hear her with each burst of sparkling color she would oou and aww. I will hear her delight every 4th. I will miss her everyday but especially on the 4th. Claudette Bosley*

I too was Mary' cousin. As children we ran around our grandparents house when ever we visited them in Pa. and at my parents house in MD. I used to love it when we got to spend time together. When we got older, my mom and my sister, Claudette and I would drive up to visit and take her mom out to lunch, sometimes Mary would go along but most of the time she would stay home to clean up the house because most of the time she was the caregiver to her mom. She had her hands full but never complained. She was always there apple of her mom and dad's eyes. When my husband, Ray and I got married, Mary and Terry drove down and took the photographs and gave them to us for a wedding present. We would see each other at the family reunions, but we didn't see each other enough with her busy work schedule and ours . Then we moved to Florida but didn't lose contact because we wrote to each other on Facebook. Mary was a very special person, so kind and loving. She will be missed so much by her family. She was so proud of all of them. I am so glad she had such a loving husband and they were able to do so much together , things that they both enjoyed. I know there is another angel singing in the choir, standing next to her mom tonight. Love you Mary!
