“ *Matt we grew so close over the years and I knew I could count on u to sit with me on those slow days. We always were laughing and making the best out of every moment we had. You were the sweetest soul to ever enter my life. U would do anything for anybody. I always made sure to tell u made an impact on my life. My life will never be the same until we meet again. I love you and hope you are flying high.. We sure had a great time today sending you off. The amount of people that you touched just goes to show the amount of love and care you had to give to anyone and everyone. i love you and never forget that..*

“Dad, this has been, by far, the most difficult thing I have ever gone through. I hate knowing that I will never be woken up early to a text from you to see how I was and more importantly how Christopher was. I hate knowing I will never get to spend more time with you picking on Mom. I hate that you will miss so much. While there are so many things that I hate, I am so grateful that I had the time I did with you. I am beyond grateful that you were able to spend time with Christopher, and that you two loved each other as much as you did. I think I might be the most grateful that you are not suffering or in pain any more. I miss you so much, Dad. Christopher misses his Grampy so much. I promise to always tell him about you, and how much he meant to you. We love you so much.
