“ *To Donna, family and extented family, A golden heart stopped beating the day Mike left us. He always tried to cheer others and his smile could light up a room. I will miss the times the 4 of us spent at car show and especially all the years we went to the shore. I know he is resting safely and peacefully in God's arms. Some day we will all see him again. But until our time, I know he will be safe. Him and my dad are probably sharing hunting and fishing stories. We Love and Miss You Mike.. Rip till we meet again. Love You Donna!*

“ My sincere sympathies to the entire Haag family and all extended family members. I am so saddened by the devastating news of Mike's death. I know how upset and frustrated he was with our work situation and the effect that had it had on his everyday life. I only wish there was something that myself, or any of his other co-workers and friends could have said or done to have prevented this tragedy. I know family was first and foremost in his life and it was disheartening to him that he couldn't spend the time with them that he deserved. I will miss Mike very much and I pray that your faith will sustain you.
