“ Mike always made us laugh, it was just one of those things. I remember a few years ago Mike and Bev were kind enough to open their home to the coaster enthusiasts to show off Mike's "Coaster World" in the basement, I have never seen anything like it. A friend and I were there for hours talking, taking photos, etc and we wound up under the platform with Mike, he was showing us all of the inner workings of it. I had to laugh, the three of us under this platform with not even our feet sticking out, what it must have been like to Bev and my other half! But that was Mike, he took such great joy in showing off what he did, and he really did a wonderful job. I will really miss him, his sense of humor and his true sense of fun. I will ride the bumper cars at Knoebels with him in mind. And at Phunfest in the fall, I will have a piece of pumpkin pie, as that is what we did in October with him. I am so sorry that is the last time we saw him. But he said he had a great time among friends, which I assume he meant us! It was a good day. A great fun guy, I wish we all had more friends like Mike. I like to think there are bumper cars in Heaven and he is having a fantastic time.
