“ *My family was saddened to hear the loss of Mr Mccurdy. We have a lot of memories through the years beginning in 2012 when we enrolled our kids at MHS. Many conversations were had about the history of the school, my kids and anything one could think of. I'll never forget his advice. Our deepest condolences to the Mccurdy family.*

“ To the entire family of Myron, we wish to extend our deepest sympathy for your loss. We only had a few occasions to be in his company but every single one was great. One time stands out and we think it speaks of the kind and generous man Myron was. We were still grieving the loss of my mother and needed to move my Pop into his new house he bought and hoped would be a new home for he and mom. He was hospitalized due in large part to Mom's passing. We desperately needed help. Myron and his sister Jan showed up and helped in a huge way in the move and provided emotional support . We were so grateful. May the Lord wrap His Loving arms around you all during this most difficult time. The world was a better place with Myron in it. We love you Jan.

“ *Mark and I were new houseparents and had just sweated through an all school assembly at Founder's Hall with a house full of 4 year old girls. They had done well for their age but our group had not been perfect by far. We were serving lunch when Myron walked in. He said he wanted us to know that he had noticed our big efforts with the girls and that we had done a good job. I burst out crying and gave him a hug. He went out of his way to appreciate us and I will never forget it. He was always a calming influence! The last time I saw him we were at a softball game and one of our girls had gotten a cut. He got his medical kit out of his car and cleaned and bandaged her hurt. What a bright servant! Praying for his family!*
