“ *Patty, you will be greatly missed my friend! I had heard you lost your battle with cancer after we had just communicated 2 weeks before as we usually did! I was completely taken by surprise and devastated to hear that you passed many days after the fact. You were a wonderful person and friend! Always willing to be there no matter how you were feeling. Your mental strength you had through this terrible disease amazed me!! I've been waiting to hear about funeral services and heard nothing, so I googled it and saw your obituary and your family requested a private service. My condolences to your family! I wish I could have been there! I am saddened by your passing, but I am so glad your suffering is over and you are with God! You will always be in my heart my friend!! 🙏*

Memories of us growing up will always fill my heart. She was a fighter to the end. I know the gates welcomed her. Blessings from her sister.

Patty came into our lives for a reason. We had many laughs together around the kitchen table playing cards. She will be missed by many. Patty fought a hard battle and in the end she was called home to early. But I know there was many open arms waiting for her, including our son. Prayers for her family during this time.
