“ *my memory of Perry Henning*

*It was short but meaningful since 2019 and on
It was the 5:00am mornings on a Sunday doing wash (STB and talking to help pass the time) he would talk about the items he was getting or got for halloween, the items he was going to get or be getting for the next pig roast for his family and friends the garden he would plant and the salsa he would make from it.*

*The motorcycle rides we took to the different Harley shops ,
Carsonville hotel , Gettysburg, down to Quarryville for the huge cheesesteak I had talked about .and that he would not stop talking about after for when he could eat again, and a ride to get some fireworks for his next pig roast (2021)that was a trip how to get them all on the bike.*

*The pig roast he would do for his family, friends and biker friends
You could tell that he was most happy around family and friends when he would smile .*

*Remembering you is easy missing you is hard
Your laundry/biker buddy*

“ *The Road You Leave Behind*

*Life seems so much better
When you're riding on two wheels
The past is in your mirrors
As you travel through the years*

*The open road's before you
The journey never too far
And the road you leave behind you
Is what brought you where you are*
