I worked with Becky at GSH, My deepest sympathy to her family. I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care. From one nurse to another Florence Nightingale pledge. Becky honored that pledge. Connie Williams-Breitner

“ I worked with Becky the first four years of my nursing career. I was always impressed with her calm presence and willingness to help newbies like myself. I'm not sure if I would have survived without her. She was my go-to for many issues but especially when I had trouble starting an IV. My goal was to become a nurse just like Becky. 3 South will not be the same without her. I am praying for Becky's family.
