“*I loved my Uncle Richard. I especially enjoyed the phone calls we shared from time to time throughout the years, sometimes 2 hours long, and always about the Lord. I will truly miss him. I extend my sympathy to his family.*”

“ I was a friend and business partner with Richard Weaver. He was an incredible man with a unique vision for solutions across all industries. I met him in 1975 when my company purchased a Weaver Jump Form System. His system became the stanard for building Jump Form Silos. His machines are used through out the world for building concrete silos.

Richard and I became closer in the 80's. I was on retainer to develope business for Richard. Richard was a great partner and completely committed to doing the best work possible. He was also a mentor to me with his love of Jesus Christ and his committment to the Lord. His honesty,integrity, fairness and zeal for all things is a lasting memory for me.

His zeal for golf, tennis and what ever sport he was enjoying was alway with a fullfillment of joy.

He was an inventor of all things and totally committed to his ideas and he pursued all ideas with a deep committent at all costs.

Richard will always be in my heart and prayers. The Lord has just accepted one of the most incredible faith filled individuals into the gates of heaven.

God is pleased.
