“ *Ohh Mom do I miss you, ive been blessed to share 29yrs with you. Weve had so many special moments together, I loved hearing your stories of when you were little, and your family stories, stories of then your own kids, all were very special to me then but more so now. Then the special things you have made for me, ive always look at with pride and pure jealousy cause I could never begin to be as creative with my sewing machine as you. Mom, I will never forget you, theres a special place in my heart for you, Thank you so very much for the pure love & friendship you have shown me all these years. The time has flown by, and you were simply taken to soon, I had so much more I wanted to do with you and say to you, but we have your memory all over our house of stuff that you have made, I will cherish those things forever. I miss you and love you so very much*
