Scott has been a huge part of the local slot car family since the early 90's. Scott was one of my earliest as he would have called it slot car brothers. Unfortunately we went our different ways for years, but because of slot cars again three years ago we got to reconnect and race a few more times against each other. He hurts my hurt so much to think he is now gone since we were texting just a week ago. Love you my slot car brother. Until we we meet again.

“ Scott was there for me during the most difficult time in my life. I'm going to miss getting messages checking in on me and asking how my dad's doing, being called 'cuzzo' and having a cousin to reminisce with about spending time in grandma and grandpa's orange kitchen. He became part of my support system. I'm lucky that I have his advice and kind words to carry with me. He is gone far too soon, but I will remember his part in getting me through these tough times for the rest of my life. Rest easy and thank you, cuzzo. Until we meet again.
