“ To Linda and the Furmanak Family, my deepest sympathies. What a terrible loss. As you know, he had a hugh heart, deep faith, tremendous fortitude, and positive attitude toward everything, including death. He attacked every adversity head on without complaint. He was the genuine energizer bunny who just kept going and going.... Having known Stan for more than 30 years and all of the problems that he endured during his lifetime, I honestly do not know how he accomplished all that he did, let alone with a smile on his face. He is a saint in my book.

“ Stan was a great model railroader and source for detailed information. He created a web site for me while I was learning to create my own and was most helpful during that learning process. He was also a customer and enjoyed building my kits. The model railroad hobby has lost a wonderful participant but, for those of us who believe in Christ as our Savior, will get to see him again.
