“ *Terri and Tom Carlock were my employers....In my life the very best! Terri and Tom treated me and my family with great kindness. I was out of touch with Terri for over 30 years. A few years ago we were able to reconnect through a chance meeting of Terri and my daughter. I was delighted that Terri came to my home for us to kindle a new relationship. Due to my personal situation, I have been confined to home and yet we were able to speak regularly on the telephone and kept our friendship going. I'm very saddened to hear of her passing and yet I find comfort in knowing that she will be together with Tom.*
