“ Tonya I think of you every day. You were the most beautiful soul and I feel extremely blessed to have met you. It is so painful to be back in the area and feel the void of your absence everywhere I Go. You were one of a kind and I will continue to love and miss you every day as you were a true friend with the purest heart. Always, Victoria

“ Tonya, You and Mike were so kind in offering Kyla her first ever job as a doggy and kitty pooper scooper. It may not have been a glorious job, but it made her feel proud to earn her own money. This job developed into a wonderful friendship with us that we will never forget. You have the heart of an angel, and now you truly are one. We will always remember you with fondness. <3

“ Tara, Peter, Anita, Derek and Kids –

*I am still so stunned; my words are too succinct for what is deserved and though sincere, feel hollow if I try to say more.*

*I pray that you are all given peace and strength through this time, that you are lifted-up beyond our limited understanding. I am sure Tonya would wish nothing less. Those whose lives she affected with her friendship and care were all the better for it; no matter how small or limited; nor even if it was at a time since past or a temporary interaction.*

*She and I, we both moved forward and into separate lives when the time came; and now the fog of distance and time has blurred much of the timeline. I am filled with memories – most from long ago. Yet now, only the good ones can dare remain. I cannot imagine my past without Tonya’s part in it. For better, she helped me grow, even though we parted.*

*Tonya, I will miss you now; more than I have in a long time my friend – knowing only that I cannot make contact to resume our friendship at some future time – or to provide amends or explanations for such things as could possibly be righted or needed them. And I pray, now as always, that in your life - you found love, happiness and contentment; and that you are wrapped in it now.*
